## Family at bedside of seriously hurt boy

A BOY who suffered serious head injuries after being knocked down by a van in Walsall turned four in hospital on Monday.

The family of Ismail Ashraf have been keeping a bedside vigil following the collision in Mellish Road. On Tuesday his condition was described as stable.

Ismail was on a ventilator at Birmingham Children's Hospital after the crash on Friday evening.

He is due to undergo further brain scans in the coming days.

The Butts nursery school pupil was injured at just before 5.10pm on Friday.

### Birthday

It was his fourth birthday on Monday and his devastated family were at his bedside.

It is thought Ismail was trying to cross the road when the accident happened.

His father Kamran, aged 32, said all thoughts were with the "shy" youngster to spur him on for a full recovery.

"We are just hoping for the best. We are all worried about him, it has been a big shock," he said.

A sign has been put up in Mellish Road, close to its junction with Rushall Manor Road, encouraging anyone with information to call 0845 113 5000.

## Parks blighted by yob attacks

PARKS in Walsall have been blighted by vandals, arsonists and fly-tippers almost 350 times in the past year.

A total of 348 reports of bad behaviour and vandalism in parks were made from July last year to July this year. The biggest complaints were about glass debris from drinkers, vandalism of gates, bins and benches and graffiti.

Councillor Anthony Harris said: "We have park rangers in place and they are being as diligent as they can with the resources we have. We're getting on top of things, although we will never be able to stop it all."

# SCHEME TO EASE BUSY BOTTLENECK

**MOVES to improve a busy junction used by thousands of motorists a day in Walsall have been backed.**

Plans for the Broadway and Sutton Road island are being drawn up by Walsall Council with funding left over from last year's red route budget.

A scheme to widen the bottleneck junction, which received backing from the Department for Transport, was scuppered by an underground gas main.

Paddock councillor Rose Martin has led calls for action to be taken at the junction, which has seen a number of accidents with cars smashing into crash barriers.

She said: "I would welcome any improvements that will make the road safer. I am really pleased they are looking into it as

### Report by Craig Hughes

there have been some accidents, and the crash barriers have come down quite a few times.

"There have been accidents just before the island at Sutton Road because of visibility problems. This is something I have been highlighting and road safety is imperative."

The plan is still in the early stages and comes after £422,065 of the £630,989 red route budget was spent. The remaining £208,924 has been forwarded to 2012/13.

Initial plans for the busy junction last year were to create two lanes on the Broadway after the roundabout with Sutton Road.

### Clears

It currently feeds into one lane before becoming a dual carriageway.

The latest red route carried out last autumn was on Broadway West to Junction 9 of the M6, and back to Rollingmill Street.

The red route clears a way for traffic by only allowing stopping and waiting at certain locations.

Bosses are hopeful a red route proposed along the A461 Lichfield Road between Brownhills and Walsall could also be revived. It was axed this year due to funding cuts.

There have also been discussions over the possibility of creating a red route within Walsall town centre.

## All the fun of the fair at town show

Up for fun – Suranne Greenwood, aged 9, from Walsall Wood, enjoys one of many action and funfair attractions available at Walsall Town Show at the weekend

**FAIRGROUND rides and action-packed displays kept hundreds of people entertained at the fourth Walsall Town Show.**

Monster trucks, stunt bike displays and a magician featured in the two-day extravaganza held at the Arboretum Extension. Olympics-inspired visitors also took part in sports-themed activities.

Cash was raised for Leukaemia and Melanoma Research, a charity supported by Walsall Mayor Councillor Dennis Anson, who visited the event on Saturday. It will also help Henry's Heroes, supporting Birmingham Children's Hospital.

The Stig character from TV show Top Gear also put in an appearance and was spotted on the dodgems.

The show ran courtesy of Pat Collins Events, with Councillor Anthony Harris involved in organising the fundraising aspect.

Cllr Harris said: "We've had a fantastic couple of days with people of all ages enjoying the show. The weather was glorious on Saturday and, other than a shower, on Sunday we had another good day. The beach that was specially created for the weekend was certainly put to good use."

The show was resurrected by Cllr Harris to celebrate the 150th birthday of 'King of Showmen' Pat Collins.

Amanda Challenger, 26, of Wednesbury, took her three-year-old daughter, Lily Tudor. She said: "There was a scarecrow garden where the children got the chance to find hidden scarecrows and plant things. It was the highlight of the day."

## Olympic boost for borough economy

THE Olympics has boosted Walsall's economy to the tune of almost £5 million, it has been claimed, with some businesses reporting a 500 per cent boom in trade.

Thirteen borough businesses won contracts worth £4.3 million to supply the London 2012 Games, supplying locks, stamps and cleaning services.

The full effects of the torch relay, which passed through the borough on June 30, can also be revealed following council surveys.

Around 50,000 people are said to have flooded onto the streets of Walsall, Willenhall and Bloxwich to witness the historic moment as the Torch passed by. Fruit and veg traders, pubs and cafes all reported increased takings.

Regeneration chief Adrian Andrew said: "We should not underestimate the social impact the torch relay has brought to the borough."

Around 78 per cent of businesses in Bloxwich said sales were higher than on an average Saturday, with a 300 per cent boost in trade at pubs and 60 per cent at food outlets. Even hair salons are said to have seen a 10 per cent rise in trade.

In Willenhall, cafes are said to have enjoyed a 70 per cent increase in trade, while pubs saw the biggest boom of up to 500 per cent.

## Child injured in bus collision

A THREE-YEAR-OLD boy suffered a fractured leg after being hit by a bus on a busy road in Darlaston.

The youngster was injured at Walsall Road on Monday afternoon. The injuries are not believed to be life-threatening.

West Midlands Ambulance Service spokeswoman Suzie Fothergill said: "The boy was given pain relief and fully immobilised before being conveyed, via land ambulance, to Birmingham Children's Hospital for further assessment and treatment."

The air ambulance was sent but not needed.

# Drunken teenager took girl on terror drive

A DRUNK learner driver, who took a woman on a high-speed, 50-minute terror ride in a stolen car before crashing, has been locked up.

Marcus Craddock crashed in Erdington Road, Walsall, after pressing the accelerator instead of the brake.

Wolverhampton Crown Court heard how the 19-year-old from Leamore drove off in a nine-year-old Renault Megane which had been left with its key in the ignition by owner Samantha Cooper – an acquaintance who he wanted to “wind up”. But her friend Laura Devine was in the passenger seat when Craddock jumped in, explained prosecutor David Lees.

The learner driver told his alarmed passenger as he sped off: “I need to take my test because I failed it before but, trust me, if I’m this good driving when I’m drunk I think I can pass the test sober.”

“I am going to see how fast this goes. I am going to see if I can hit 100mph.” Mr Lees told the hearing: “Miss Devine looked at the speedometer which was registering 90mph and warned ‘you are going to kill us driving like this’.”

Craddock drove from Blakenall towards Pelsall and round Rushall and Brownhills before crashing into a Mercedes in Erdington Road on June

23. Mr Lees said that fortunately there were no serious injuries.

Craddock, from Hollymeadow Avenue, was given a breath test which showed 75 microgrammes of alcohol in 100 millilitres of breath. The legal limit is 35.

Christopher O’Gorman, defending, said: “His problems with binge drinking have put him in the dock.”

Craddock admitted aggravated vehicle taking and driving with excess alcohol while uninsured, and was ordered to be detained in a young offenders institution for eight months and banned from driving for three years.

# Potato farmer's drug crop results in prison

A PELSALL businessman caught growing cannabis in an underground bunker at his potato farm in Staffordshire has been jailed for 15 months.

Police discovered more than 40 plants when they carried out a search at J & M Potatoes. When owner Paul Harrison was confronted by officers he said: “I know why you’re here.”

Miss Joanne Barker, prosecuting, told Stafford Crown Court that Harrison led them to what appeared to be a chicken shed on the farm in Acton Trussell, near Stafford.

Inside was a tunnel leading underground to

by Marion Brennan

what they described as a cannabis factory.

In one chamber were 17 young cannabis plants and in another part of the bunker were a further 26 plants nearing maturity, together with a set of scales and some plastic bags.

Power for the growing apparatus was coming from an undetected electricity meter. The estimated yield was put at 90 ounces with a street value of £8,000.

Harrison, aged 34, of St Paul’s Crescent, Pelsall, admitted cultivating cannabis.

A separate charge of abstracting electricity, which he denied, was allowed to lie on file.

## Business

Judge Patrick Thomas QC told him: “You didn’t just fall in to this crime. Having acquired the kit, you have a place in which to grow cannabis which was precisely conducive to avoiding detection.”

Miss Barker said that following the police search on June 10 last year, Harrison claimed all the cannabis was for his own use.

David Hemming, defending, said Harrison took over the family business supplying potatoes in Wolverhampton and Staffordshire following his father’s death in 2007.

He said: “After the relationship with his long term partner broke down, he became involved with people who put him in this situation and he is carrying the can for them.”

## New restaurant is hit by raiders

RAIDERS forced their way into a new restaurant in Walsall, escaping with £2,000 and causing more than £10,000 worth of damage.

Smokey’s only opened two months ago and hit the headlines with its huge monster burgers.

Vandals smashed the till, gambling machine and purpose-made jukebox during the raid last week.

Chairs were flung and cleaning fluid sprayed across the premises, which was forced to close for a day for the mess to be cleaned up.

Bosses discovered the break-in on Wednesday morning. It is believed raiders may have forced entry through a window.

Joint owner John Caddick said it had been heartbreaking to see the damage and he condemned those responsible. The 31-year-old said: “They are scum of the earth. We have got to replace the jukebox, it was the main focal point of the room. But it is not going to stop us.”

## Edible posy for choc loving bride

Honeymoon sweet – bride Kirsty McClung with her edible posy during her wedding to Paul Osborne at All Saints Church, Sedgley Photograph by Visual Poetics Ltd

SWEET-TOOTHED Willenhall worker Kirsty McClung had a wedding bouquet with a difference.

Forget roses, carnations and lilies, this bride brandished a bouquet made up of

Curly Wurlies, Freddos and Flakes – all of her favourite chocolate bars formed part of the posy for the chocolate-mad mother-of-two.

Kirsty, now Mrs Osborne-McClung, tied the knot with Paul Osborne at All Saints

Church in Sedgley. The 37-year-old, who works in customer services at Assa Abloy in Willenhall, said: “I had my little boy Elliott a couple of years ago and while I was pregnant one of my cravings was chocolate.”

“Most people who know me know I’m a bit chocolate crazy so everybody had a giggle about that.”

The chocolate bouquet has now been dismantled and is stocking up the fridge at the couple’s Tipton home.

# Primark's new store is delayed until 2013

WORK on a multi-million pound Primark in Walsall town centre has hit delays and will not begin until the new year.

The new store, which will create around 100 jobs, is due to be built as part of the £13m redevelopment of the Old Square Shopping Centre.

Demolition work had been due to start in spring this year but is now five months behind schedule.

John Percy, from DTZ, the project development advisor said: “We are working towards starting the new Primark development in the new year and are liaising with partners.”

## Committed

It is not yet clear what has caused the delay, although it is believed an objection from a third party organisation has forced the scheme to be pushed back.

A Facebook campaign calling for a Primark store to open in Walsall town centre gained almost 3,500 followers before the budget fashion chain confirmed it would arrive.

Regeneration chief Councillor Adrian Andrew said everyone involved remained committed to the scheme.

## Unofficial school led to £2,500 court bill

A COUPLE have been hit with a court bill totalling more than £2,500 after continuing to operate a mini-school without permission at their home in Walsall.

Ajay Kapur and his wife Savita were brought back before Walsall Magistrates Court for a second time for failing to comply with an enforcement notice.

They were prosecuted in April after ignoring enforcement action to remove desks, chairs and whiteboards from his home, which included transforming the garage in Broadway North into a classroom.

### Pupils

But when visited again by Walsall Council officers in May, pupils and tuition equipment were still found at the address.

Last week the Kapurs, aged 48 and 47, admitted the second failure to comply with an enforcement notice when based at Broadway North.

Ajay Kapur, who was left with mobility problems after a road accident in 1991, has said he spent £30,000 to £35,000 converting his garage into a school room.

He was fined £1,000 and ordered to pay £292 costs and a £15 victim surcharge.

Savita Kapur, given a conditional discharge last time, was ordered to pay the same.

The school has since legitimately moved to Hatherston House in the town centre.

## Views sought over crossing

RESIDENTS and businesses have until the start of next month to comment on plans to close Bloxwich level crossing.

A consultation event will be held today (Thursday) at Bookmark Bloxwich from 4 to 8pm.

Walsall Council and Network Rail's consultation period on the proposals will run until September 7.

The move follows the Government green light for plans for the multi-million pound electrification of the Walsall to Cannock rail line.

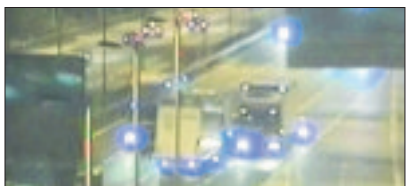

The crossing at Reeves Street will be permanently blocked.

A review of junctions will be carried out and a bridge nearby could be strengthened for the diverted traffic.

A bridge for pedestrians and cyclists would also be built.

# 'I had to save lives' says motorway barricade trucker

Quick-thinking lorry drivers can be seen blockading Korbely, who had been driving the wrong way on the M6

A LORRY driver has told how he helped stop a HGV hurtling at 55mph the wrong way down the M6 near Walsall.

Pal Korbely, who had been drinking plum brandy in his cab, narrowly missed dozens of cars as he drove south on the northbound carriageway.

Motorists swerved to get out of his way and he was only stopped when lorry driver Krystian Wilenski and two other truckers used their HGVs to form a barricade.

Hungarian Korbely was jailed for

eight months (see below) and disqualified from driving for three years. Father-of-one Mr Wilenski recalled how he was on his way to collect car parts when he saw the lorry coming towards him without its lights on.

### Protect

He drove into the outsidelane, following two other lorry drivers in front of him who had already pulled into the inside and middle lane to block the carriageway near Junction 10, for Walsall.

"I knew something had happened in

front of me because the speed limits had dropped right down," said Mr Wilenski from Swindon. "Then I saw something coming straight towards us. I thought I had to do something to secure the people behind me."

"I am not a hero. I just thought I had to protect everything else. If we had not done something there would have been a big crash."

"It's my belief that if you see something like that you have to do something. I was not scared for my own safety. I had to save lives."

# M6 lorry driver jailed for drunken wrong way trip

Jailed - Pal Korbely, 50

A LORRY driver has been jailed for eight months after driving the wrong way along the M6 at up to 55mph whilst more than twice the drink-drive limit.

Vehicles had to swerve to miss Hungarian trucker Pal Korbely who was behind the wheel despite having spent an afternoon drinking powerful homemade plum brandy.

Other truckers formed a blockade near Junction 9 to prevent a potential disaster during the terrifying incident on July 7.

The 50-year-old got onto the M6 at Hilton Park Services near Cannock at around 10.25pm and drove his HGV into oncoming traffic without headlights.

In scenes to send a shiver down the spine of any driver, the HGV narrowly avoids cars and other lorries on its terrifying 10-mile journey as it sped along at up to 55mph. Some, including a tanker driver, were forced to swerve onto the hard shoulder.

The lorry only came to a stop when HGV drivers formed a blockade on the southbound carriageway between Walsall and Wednesbury, just before junction 9.

Mr Phillip Bradley, prosecuting at Birmingham Crown Court, said Korbely had been drinking 51 per cent proof homemade plum brandy in his cab at the service station whilst watching grand prix racing.

"He told police he had no recollection of leaving the services or of driving his vehicle at all," said Mr Bradley.

### Ban

Korbely pleaded guilty to drink-driving and dangerous driving and had been remanded in custody until Friday's sentencing hearing.

Judge Paul Farrer QC sentenced him to a total of eight months in jail. He was also given a three year driving ban and was ordered to take an extended driving test before being able to get back behind the wheel.

Police were alerted to Korbely's dangerous driving by panicked motorists who took refuge on the hard shoulder and called 999.

The judge told him: "It's little more than good fortune nobody was killed or seriously injured."

## Wardens to wear cameras

Walsall transport boss Councillor Tom Ansell with one of the camera that parking wardens will be wearing

PARKING wardens in Walsall are being given body-mounted CCTV cameras in a bid to stop attacks by angry motorists.

Staff will use the equipment to gather evidence against drivers who physically or verbally assault them while on duty.

It comes after 40 incidents of abusive behaviour towards traffic wardens in the last 12 months.

Walsall Council says the footage will be passed to the police to assist prosecutions. Private firm Apcoa runs the warden service on behalf of the council, monitoring the streets and car parks.

Transport boss Councillor Tom Ansell backed the use of cameras. He said: "We took on the duties for parking in order to free up police officers to tackle other concerns. We knew that we wouldn't win every popularity contest but, for the most part, drivers know that if they park legally they won't get a shock when they return to their car."

### Abusive

"In very isolated incidents people are abusive and the body mounted CCTV camera sends out a clear warning that this kind of behaviour won't be tolerated."

Apcoa was brought in to manage a team of more than 20 wardens on behalf of the council in spring 2009.

The CCTV is being brought in after the introduction of on-street parking charges last year which brought in around £180,000 in fines within the first 12 months.

## THE BEST OF PETER RHODES

ALMOST hidden by coverage of the Olympic Games, is the news that researchers in Seattle claim that chemotherapy can actually make some cancers worse. If they are right, the implications for millions of patients, the bereaved and, of course, lawyers, are absolutely enormous.

□□□□□□□□

IS ANYONE else perturbed at the large number of press photographs from the Olympics focusing on the nether regions of young female competitors? If anyone was caught taking those sort of photographs in any setting other than a sports meeting, he'd have his collar felt pretty damn quick.

□□□□□□□□

THERE is a growing, and frankly terrifying, tide of opinion that Boris Johnson should be the next Tory leader and Prime Minister. It seems to be largely based on the triumph of the London Olympics, his defeat of Labour's Ken Livingstone in the capital's mayoral elections and the popular assumption that Boris is a bit of a laugh.

Some of those who know him better take a different view. They see a ruthlessly ambitious politician who exudes charm in carefully-measured doses to win people over. At various stages in his life and career, Boris Johnson has shown himself to have feet of clay. And while it may be possible to be the buffoonish Mayor of London with so many own-goals and skeletons in the cupboard, do we really want Boris Johnson in charge of our armed forces with his finger on Britain's nuclear button?

If that's a bit of a laugh, I'm Dr Strangelove.

□□□□□□□□

A COLLEGE at Cambridge has urged its students not to wear academic gowns in town for fear of "incidents" with the locals. Wise advice. In sloppy, ill-educated Britain, possessing anything resembling an intellect is now a punching offence. If you want to stay safe, wear an England football shirt, acquire a beer belly and an armful of tattoos, avoid any conversation involving Nietzsche, Darwin or Coleridge and keep very quiet indeed about your master's degree in divinity.

□□□□□□□□

THE riots which erupted a year ago were co-ordinated by thugs using social networks. Two can play at that game. If it happens again, be prepared for a fascinating combination of 18th century law and 21st century technology as police tweet the Riot Act.

ALF Thompson, a 60-year-old "Cavalier" with the Sealed Knot Civil War re-enactment society, has received the Police Public Bravery Award for disarming and overpowering a knife-wielding robber who was trying to slash a shop assistant's throat.

The robber is now in prison. Mr Thompson says: "Something snapped and I thought I was 20 again. If it wasn't for the re-enactment group, I never could have done it."

## Council get tough over growing fly-tip menace

MORE than 50,000 cases of fly-tipping have blighted the West Midlands in the last year, new figures have revealed. Walsall was ranked ninth in the list of local authorities for cases of fly-tipping during the period from 2010 to 2011.

There were 1,567 incidents of rubbish being dumped in Walsall in 2010 compared to 1,940 last year, equating to an increase of 373.

Council chiefs said they treat fly-tipping as a "very serious offence" and cameras have been put in place

in order to try and catch the offenders.

Birmingham topped the grot-spot list after the city council reported 15,690 fly tipping cases between 2010 and 2011. In Wolverhampton there were 3,669 incidents, Sandwell had 2,820 and Walsall 1,940. Cannock Chase District Council reported 583 incidents, South Staffordshire Council 439 and Lichfield District Council 278.

Councillor Tom Ansell, cabinet member for environment, said

cleaning up after fly-tippers had cost Walsall Council £250,000 a year. As a council we are working hard in our efforts to ensure fly-tippers do not ruin our borough with their thoughtless actions," he said.

## Catch

"Make no mistake, this is a very serious offence. A total of six cameras have been installed at locations across Walsall to catch perpetrators. People who dump their rubbish in this unlawful way are selfish, pure and simple.

"Their actions deprive our hard-working communities of money which could be invested to benefit people in their daily lives."

The figures have come from the GMB union. Joe Morgan, GMB regional secretary, said "Two thirds of fly-tipping involves household rubbish and GMB believes it would make good economic sense to invest in more municipal waste and recycling centres to make it easier and cheaper for the public to dispose of waste properly."

## Puppies' tails docked illegally to boost value

A COUPLE from Brownhills illegally docked the tails of puppies ahead of trying to sell them for hundreds of pounds, a court heard.

Elastic bands were tightened around the tails of the seven recently-born rottweilers to stop the blood flow until they fell off.

An RSPCA inspector was called to the home of Joanna Dukes and Richard Devey amid reports that the tails of puppies had been docked in April this year.

A hearing at Walsall Magistrates Court was told the dogs had been advertised for sale with a price tag of around £200 each.

Dukes, aged 43, of Friesland Lane, Brownhills, last week admitted a charge of removing the whole or part of a dog tail at Walsall Magistrates Court.

by Craig Hughes

Devey, 30, pleaded guilty to two offences of allowing and permitting tail docking to be carried out.

Roger Price, prosecuting on behalf of the RSPCA, said that an elastic band was wrapped around the tail of each young dog, fixed tightly to ensure the blood supply stopped.

He said Dukes had carried out the act while Devey was at work but he was aware of what was happening and didn't do anything to prevent it.

## Commercial

In interview, Dukes said she did not know it was illegal to carry out tail docking, while Devey said he had not seen a rottweiler with a tail.

Mr Price told the court: "This was not a large-scale commercial venture but there was a commercial side to it."

He said the aggravating features were the commercial element, the number of animals involved and it having been a deliberate act.

An application for a deprivation order was also put forward by the RSPCA.

The docking of tails is only allowed on working dogs and must be carried out by a vet within five days of birth. It has been known for it to be done illegally for cosmetic purposes. In this case there was no evidence of a vet having been involved.

No representations were made on behalf of the defendants. The pair will return to court for sentencing on August 24.

## Get set for jubilee fun run

Runners Laura Gough, back left, Leighann Richards and Julie Matthews with Sarah Sharpe, front left, Barry Guest and Anita Patel, all from Enoch Evans

A TEAM from a Walsall law firm are to take part in an annual fun run.

Walsall Rotary Club is holding the 30th fun run on September 23 at the town's Arboretum.

The event, which features a 10k and 5k run as well as a 3k walk, will have a Diamond Jubilee theme, and among the hundreds who have entered is a team of nine workers from Enoch Evans LLP.

Staff at the Hatherton Road firm are training hard in the hope of raising 'thou-

sands of pounds for Breast Cancer Care and Bryntysilio Outdoor Education Centre, in North Wales.

Five solicitors, one trainee solicitor, a secretary and an office administrator are taking part. Partner Barry Guest, aged 59, of Lichfield, said: "It is all in the name of charity and a good way to get fit."

The run is expected to raise more than £6,000 overall. The event starts at 11am from the Arboretum Extension. For details and to apply, visit [www.walsallrun.com](http://www.walsallrun.com)

## Concern for jobless youngsters

A TOTAL of 1,355 young people are unemployed in Walsall North, and the constituency's MP declares it a "condemnation" of Government economic policy.

David Winnick, MP for Walsall North, was commenting on unemployment being above the national average in Walsall borough.

Mr Winnick said: "The latest figures show a substantial number - 1,344 - 18 to 24-year-olds not in employment in my constituency.

## Urged

"The Commons debate I had on youth unemployment in my constituency highlighted what was happening. In my speech, I had urged the works and pensions minister to recognise that the situation is simply unacceptable.

"Pointing out that the present Government policies were leading to a situation where many of the 18 to 24-year-olds have not been in employment at all, or for that matter have not received training, I said it was time for the Government to act.

"I will be raising this subject again, and asking what action, if any, is being taken by ministers."

## Gallery to host family events

FREE family events are being planned following the reopening of the Walsall New Art Gallery on Sundays from this autumn.

Bosses are looking to put together a programme of activities to attract families and encourage more visitors to the town.

The building in Gallery Square is to increase hours in time for the launch of a blockbuster exhibition by Turner Prize winning multi-millionaire artist Damien Hirst.

A provisional date of September 30 has been backed by members of the council's cabinet for the return of Sunday opening at the town's landmark gallery.

## Hospice cinema

A HOME cinema has been installed in the dining room of a Walsall children's hospice.

The equipment has been donated to Acorns Children's Hospice, in Delves, and was installed for free. It has been put up at the Walstead Road hospice as part of the Together for Short Lives campaign, organised by the audio visual industry.

## Cabbies are warned to brush up on equality law

CABBIES in Walsall have been warned to brush up on equality laws after a driver was fined for refusing a blind lady and her guide dog entry to his cab.

Licensing chiefs in the borough welcomed the prosecution of Matloob Hussain. The 43-year-old, of Essex Street, in Walsall, did not pick up Kelly Ann Roberts from her home in Walsall Wood after refusing to accept her black Labrador cross guide dog Roxy.

### Unfairly

He insisted he did not know it was a guide dog but was found guilty after a trial. Councillor Zahid Ali, cabinet member for public protection, said: "This lady was treated very unfairly by the taxi driver just because she had a guide dog with her. "Licensing enforcement officers successfully put together a case against the firm which led to a prosecution."

He added: "We are very pleased that justice has been done and this stands as a warning to other licensed private hire drivers that they should be aware of the laws and ensure that they do not breach the equality act and treat people fairly."

Under regulations, taxi and private hire drivers cannot refuse to carry any assistance dog unless they have an exemption.

## Man held two swords in pub

A MAN was found holding two samurai swords when police were called to a disturbance at a pub in Walsall, a court heard.

David Beeson was found with the swords at the Magic Lantern pub in Cavendish Road, Beechdale, on May 19.

The 39-year-old, of Jenner Close, Beechdale, appeared at Walsall Magistrates Court last week.

### Dropped

Mr Kulbir Paul, prosecuting, said Beeson dropped the swords at the request of officers who arrived on the scene.

Beeson told police he had been attacked by unknown males who pushed him to the floor.

He admitted two charges of possessing an offensive weapon in a public place.

Beeson will appear at Wolverhampton Crown Court on September 4 for sentencing and was given unconditional bail.

# Call for urgent safety measures on road after crashes

FRESH calls have been made for safety improvements on Walsall's A34 Birmingham Road following the latest in a long line of crashes.

Fed-up homeowners have seen cars plough into their front gardens. One garden wall has been struck three times in the last two years alone.

The most recent collision at the blackspot involved a car and a turning vehicle on the southbound carriageway. Calls are now

being made for a speed camera to be re-introduced on that stretch of road.

It comes amid claims that the number of crashes has increased since the camera was removed.

Resident Dave Cunningham, who has lived in Birmingham Road for more than 30 years, said: "This road is a particularly badly designed spot on a busy dual carriageway."

Councillor Rose Martin, representative for Paddock ward, said: "This is obviously an

accident blackspot. I think it would be a good idea to put a speed camera back."

Council chiefs have said they are talking to police to see what can be done.

### Collision

Councillor Tom Ansell, the borough's transport boss, said: "In view of recent accidents along the northbound carriageway of Birmingham Road, ongoing discussions have been taking place with police to con-

sider safety improvements. As I understand it, this latest incident involved a vehicle travelling on the southbound carriageway in collision with a turning vehicle."

The local authority last month outlined a string of measures to boost safety on Birmingham Road, when Selwyn Holden, aged 84, and his wife were left shaken after the front wall of their garden was destroyed.

Trees will be pruned, a reflective bollard installed and road markings altered.

# Care home boss stole from dying pensioner

Tracey Keates stole more than £4,000 from residents

**THE former deputy manager of a care home in Walsall plundered more than £4,000 from residents' bank accounts, a court was told.**

Debt-ridden Tracey Keates stole bank cards from a 92-year-old resident and his terminally ill wife at Harden Hall care home.

The 36-year-old, of Marbury Drive, Bilston, made numerous withdrawals at cash machines.

The money was taken over a five-week period in April and May and was used for loan repayments and a house deposit, Walsall Magistrates heard last week.

The court heard that a Lloyds TSB bank card and MasterCard were stolen from the man and his wife, aged in her 80s.

Mr Kulbir Paul, prosecuting, said the cards were taken from a bedroom at the care home in Coalpool Lane and the thefts were discovered after the husband noticed his wife's purse missing.

### Account

Shortly afterwards, he noticed cash had disappeared from his account.

A police investigation revealed Keates had been caught on CCTV cameras at cash machines across the Black Country making the fraudulent withdrawals.

Mr Paul added: "At the time the theft was discovered, the wife was terminally ill in Walsall Manor Hospital."

The court heard that Keates took a total of £4,355.40 which she spent on repaying loans, while £950 went towards paying the deposit on a house.

Keates made full admissions to police, telling them she had just come out of a violent relationship and had £4,000 to £5,000 of debts.

She admitted two charges of theft and one of fraud by false representation.

Keates will be sentenced at Wolverhampton Crown Court on September 4 and was unconditionally bailed.

## Recipe for success at club

Councillor Rose Burley with project manager Sharon Felton in the club's new kitchen

A NEW kitchen has been opened at a volunteer-run community centre in Walsall which is aiming to start a lunch club.

Darlington All Active is based at the former Garringtons Working Men's Club, hosting a range of activities for people of all ages. But the run-down catering facilities scuppered plans to get a regular lunch club

running until funding was secured with the help of Walsall Council.

Project manager Sharon Felton said: "It was in a terrible state and it meant that we couldn't really get a lunch club off the ground for the older people round here."

"We were over the moon when our local councillor and the council helped us out and we now have a show kitchen that would make Gordon Ramsay jealous."

# Bokwa ready to be a hit with fitness fans

TO SEE Jackie Bailey energetically dancing, leaping and punching the air it is hard to believe she recently celebrated her 50th birthday.

However, age isn't a problem for the fitness instructor who became one of the first people to learn the latest craze, Bokwa, which she teaches at the Nuffield Fitness & Wellbeing Centre in Cannock.

Bokwa is derived from a combination of two words – ‘Bo’ which represents the light boxing and ‘kwa’ represents the South African war dance Kwaito.

Jackie says it is an intense workout based around the alphabet – so a lot of the moves are represented by a letter.

“Earlier this year I went down to the Nuffield City gym in London, which I believe is where Robbie Williams trains, and learned all about Bokwa,” says Jackie, who lives in Cheslyn Hay.

### Strenuous

“I have taught dancing and classes like Zumba for 30 years and this is one of the most strenuous workouts I have seen.

“When I take a class I spend a few minutes going through the moves and talking to them about what each letter means. Once they have learned them they can then go to any class, as the moves are the same whether you are in London or in Scotland.”

Bokwa is the brainchild of dancer and fitness instructor Paul Mavi who had such a passion for his South African roots that he wanted to introduce it into his routines.

Jackie, who grew up in Willenhall and used to be a pupil at Pool Hayes School, says: “When you first train as an instructor in Bokwa you learn the basic moves and a few of the letters, as you work up the levels you find out

Fitness instructor Jackie Bailey demonstrates Bokwa dance

more and piece together the alphabet.

“Because Bokwa is so new there aren't many instructors that have worked higher than level two.”

Jackie also takes classes at the Bert Williams Leisure Centre in Bilston, Cheslyn Hay Leisure Centre and Pure Gym in Wolverhampton.

However it was her studio manager in Cannock who first asked her if she could learn to teach Bokwa.

“When I first looked at Bokwa on YouTube I couldn't believe how tough it looked and I said to the studio manager ‘you can't be serious – you want me to

learn that’,” says Jackie. “But I keep up with the 20-year-olds no problem and enjoy the fact that it is so up-tempo.”

“I've had people say I have so much energy they can't believe I'm 50 but in my mind I stopped at around 29, so I wasn't too happy when I hit the big 5-0.”

Jackie, who has two sons Ellis, 20, and Jay, 15, has her own dance academy – Dance 2gether and used to supply dancers to the Grand Theatre in Wolverhampton.

“I have no plans to retire soon – I will carry on as long as my body allows me to and Bokwa is so addictive I don't want to give it up,” she says.

Another Bokwa instructor is Mel Carpenter from Smethwick who says the class is a mixture of her two favourite things – dancing and martial arts.

Mel, who was a pupil at Cardinal Newman School in Oldbury, loves the fact that Bokwa includes dance moves.

“I was working as a salsa instructor when a friend mentioned Bokwa to me and I saw a video clip of it and knew it was going to be the next big thing,” says Mel, 35, who is engaged to Steve Bridger and has an 18-month-old daughter called Morgan.

“I went up to Leeds and met the founder Paul Mavi and learned the techniques and moves needed to teach Bokwa.”

Mel says the classes are proving popular.

“Even though Bokwa isn't seen on mainstream TV in adverts or on computer games, like Zumba, it is starting to filter into gyms around the country.

“I would tell anyone who is thinking of attending a class to have a go, they will have a lot of fun and get fit as well.”

# Refund pledge by boss of troubled coach firm

## Sew it goes at centre

**THE boss of a troubled coach firm has pledged to fulfil customers' holiday breaks, or refund them their money.**

Hoverland European Holidays was dissolved last month, sparking panic from some customers who had paid deposits.

But director Andrew Court last week reassured the 100 customers – promising them their holiday or a full refund.

He apologised to customers for a breakdown in communication, blaming it on a restructuring of the company which had seen a third party company brought in.

The firm, formerly based in Willenhall, is currently looking to relocate.

Families called with concerns after the company was dissolved. Those worried include William and Pauline Brookes, a couple from Bewdley who had paid a £400 deposit for a holiday to Italy to mark their 40th wedding anniversary.

But Mr Court insisted the company would honour all customer commitments.

### Apologise

He added: "I've let people down, but I'm not a thief. I would like to apologise to customers for a lack of communication. We have been carrying out a few changes operationally and we should have kept people in the know. I am going to write a letter to every customer to lay out what we can do for them, be that a full refund or the holiday they asked for. Anyone who wants their money back can have it."

Mr Court said, despite the firm being dissolved, the holiday coach operation was still operating but under a third party company. He said there were four planned trips this year he was confident would go ahead.

He said: "On a personal level, I still want to do my best for all our customers. We have many people who come back to us each year."

Customers can contact Mr Court by calling 01922 666476.

# Hidden gem park is to get a major makeover

## Brothers exploring nature

Nature watch – Pelsall brothers Luke and Alex Linton joined a flag hunt YOUNGSTERS have been learning more about nature.

Chasewater Innovation Centre hosted a natural art and craft activity day. Among those taking part were Pelsall brothers Luke and Alex

Linton, aged four and two respectively.

The event was part of the summer holiday programme at the centre at Chasewater Country Park, Pool Road, in Brownhills.

THOUSANDS of pounds will be ploughed into improving a country park in Willenhall under new plans.

Rough Wood is earmarked for a £20,000 makeover to improve its appearance and encourage more visitors.

The cash investment will include extra security, better public access and visitor information boards. It is hoped it will get Green Flag status within three years.

Walsall Council is to work alongside the Rough Wood Friends group and develop bids for Forestry Commission cash.

Willenhall North ward councillor Ian Shires said: "It is one of those little gems you don't realise you have got. There are lots of them in Walsall and this is certainly one."

### Trail

"It ought to be used far more but since the friends group have been working in there they have made a difference."

It comes as the Clay Hill site in Allens Rough is also due to be developed into a nature trail. The authority will work with Walsall Housing Group on the scheme which could also include an outdoor gym. The aim is for it to be in place by next summer.

The Green Flag award is the national standard for parks and green spaces and was developed to recognise and reward the best green spaces in the country.

### Work finished early

REPAIR work on a water main in Walsall has been completed a week early after workers put in extra hours.

Work began on the 1930s main in Lichfield Street, which had a history of bursts, on July 15. The work meant traffic had to be diverted but, despite being planned for three weeks, South Staffs Water completed the project in two.

### Hall revamp begins

**Great Barr Hall - work has begun to save the building**  
**WORK** has begun on the revamp of a Grade II listed building. The new owners of Great Barr Hall are now starting to look at possible options for the site.

It is being hailed the biggest restoration project in Walsall in the past five to 10 years.

The building has stood empty since 1978 and is now derelict, having fallen victim to vandals, damp and dry rot. But earlier this year it was bought by a group of local residents. The purchase followed 30 years of attempts to secure the hall's future.

Now work is forging ahead to renovate the building and bring it into use, although no decisions over its final purpose have yet been made.

Sutton Coldfield-based Lapworth Architects have been appointed to manage the scheme.

### Security

New jobs have been created through the introduction of a team of security guards on site and a company brought in to survey the estate. A scaffolding business is also helping to stabilise the building.

The consortium, which owns the building, has already spent £75,000 on preparatory work and is now in talks with Walsall Council, English Heritage, local action groups and workers from the former hospital at the site.

Michael Lapworth, from Lapworth Architects, said the new owners were clear any use must be sustainable and not reliant on the public purse.

He said that the company would help to "end the continued plight of Great Barr Hall" and that the enthusiasm of the building's new owners would also be a significant factor.

Great Barr Hall was once owned by the wealthy Scott family and the whole estate includes 150 acres. The house, gardens and surrounding landscapes have been placed on the English Heritage Register of Buildings at Risk.

### Thief left his elderly and ill step-brother near penniless

**A THIEF** who plundered the Post Office account of his dementia-suffering 71-year-old step-brother, leaving him near penniless, has avoided an immediate jail term.

by Lisa O'Brien

John Rudd stole more than £12,000 from the account of John Homer, who lives at Lakeview Nursing Home in Great Wyrley.

The 58-year-old withdrew pension credits and disability living allowance which were paid into his step-brother's account.

It left Mr Homer unable to afford the most basic items, including toiletries.

Judge John Warner, sentencing Rudd at Wolverhampton Crown Court last week, called his behaviour "thoroughly despicable".

But he made the decision to spare him an immediate prison sentence due to his poor health.

### Access

Rudd, of Martley Road, Pelsall, had access to his stepbrother's account card and PIN number.

In total, he made dozens of withdrawals between October 2009 and October 2011.

He took everything from the account each time he withdrew money, between October 2009 and December 2010.

There was an eight-month gap before he started to make withdrawals again.

In total, Rudd, who admitted theft at an earlier hearing, withdrew £12,319.45 from Mr Homer's account.

Staff at the nursing home contacted Rudd over their

concerns about the lack of money being offered to support Mr Homer, and a social worker eventually visited Rudd's address.

Rudd then admitted to the social worker that he had withdrawn the cash because he was facing financial difficulties. The matter was reported to police.

An investigation found Rudd had made cash withdrawals from his step-brother's account on more than 40 separate occasions.

Rudd's sentencing was previously postponed after it came to light he had a heart condition and needed to attend appointments at Walsall Manor Hospital for check-ups.

Sentencing him, Judge Warner said: "You stole money from a vulnerable victim while in a position of authority."

"It was a thoroughly despicable thing to do, and my view was that you should go to prison."

"But a medical report shows that, because of your difficulties, you would not be able to undergo a prison sentence, therefore I do not seek to go behind that report."

Rudd was handed an eight-month prison sentence, suspended for two years, and a 12-month supervision order.

# Peaceful garden to honour soldier Jay

Designs for a garden of memories – front, Cpl Horne's daughter Frankie with his mother Jane Whitehouse and stepfather Colin Whitehouse

**EARLY** designs have been revealed for the planned £20,000 garden of reflection at Walsall Arboretum in honour of a soldier from the town killed in Afghanistan.

The plans, showing a spiral pathway alongside areas for seating and plants, were on display for the first time during a seven-a-side football fundraising tournament at the weekend which raised cash for the project.

More than 1,000 people visited Silverdale FC, in Walstead Road, where dozens of youngsters from local football teams competed to raise funds for the garden in memory of Corporal Jay Horne.

## Bomb

The 27-year-old father-of-two from Delves was killed in an explosion in Afghanistan in July 2009. He died while helping fellow soldiers from the 2nd Battalion The Rifles who had been injured in a bomb blast.

Cpl Horne's mother Jane Whitehouse, of Duchess Road, said the garden will also be a place to remember other fallen soldiers from the Walsall area.

She said: "I want plaques with the names of the soldiers on the wall or on a massive poppy in the centre of the garden. 'We are happy with the plans and I'll be having a meeting with the council in November to discuss it again."

"The event this weekend has been brilliant. I want to thank the organisers and the football club. Jay used to play for Silverdale FC so it was nice to have the event here."

Around £5,500 had been raised to create the garden before the fundraising football day, which organisers are hoping has raised another £2,000.

Cpl Horne was married to Rachel and had two daughters Frankie, 12, and Jessica, three.

## FOCUS ON BLOXWICH

## Business partners get funds for town

A BUSINESS support group set up in Bloxwich has secured more than £16,500 funding in the past five months for schemes to benefit the town.

Managers formed Bloxwich Business Partnership in 2009 with the intention of overseeing large-scale improvements. It now has more than 150 members and, since becoming a community interest company in March, the partnership has secured funding for schemes.

## Vision

Regeneration boss Adrian Andrew said: "As a social enterprise the partnership brings members together to share their expertise and vision for improving Bloxwich town centre."

The Partnership is made up of local businesses, landlords, members of the public and the voluntary sector.

Emma Harewood, chair of the Partnership, said: "The group brings together people who have a passion for Bloxwich."

## Table top sale

A JUMBLE and table top sale is returning to a venue in Bloxwich by popular demand. The next sale at the Stan Ball Centre, in Abbotts Street, Bloxwich, is on Saturday, from 11am to 2pm.

## Fewer burglaries on estate after police dish out advice

SECURITY has been boosted in a Bloxwich neighbourhood, sparking a drop in the number of burglaries, say the town's police.

Officers have been visiting homes across the Turnberry estate over the past two months to dish out security advice and home safety packs.

And police have revealed the move is already paying dividends, with a fall in the number of house break-ins in during that time.

More than 50 homes on the estate have been given crime prevention packs, which includes a special liquid to mark valuables so they can be traced if recovered.

Residents from the Woodbridge and Churston neighbourhood watch scheme have been working alongside the police to crack down on crime on the estate.

Members have also been invited to West Midlands Police's community safety house in Brownhills for talks and demonstrations on how home security can be improved.

Sergeant Andy McHugh, for Bloxwich West neighbourhood team, said: "We have worked closely with the neighbourhood watch scheme in providing reassurance and advice to householders."

He added: "We have seen a decrease in the number of burglaries in the Bloxwich West area over the past few

by Catherine Dalton

months and we look forward to continuing to work with the local community in tackling crime on the estate."

The security crackdown has been welcomed by residents who are working with police.

## Neighbourhood

John Teather, neighbourhood watch co-ordinator for the area, explained: "Thanks to the close relationship forged between the police and neighbourhood watch members this area is now a much tougher nut to crack by those looking to commit a criminal act."

"With new knowledge and specialist crime prevention tools, we feel better equipped to tackle criminal activity and help put offenders away."

He added: "Our watch team is always on duty."

## Leisure centre's weight loss plan

RESIDENTS are being urged to sign up to a new weight loss programme by Walsall Council.

The programme, called Evolve, will run at Bloxwich Leisure Centre from September. It is aimed at helping people make small changes to lifestyle, such as increasing levels of physical activity and altering diet.

Councillor Anthony Harris, cabinet member for leisure, said: "This is about encouraging people to make very minor alterations to their lifestyle which can have a long lasting impact on their health and fitness. Each weekly session will cover a different area from simple physical activities that include swimming, gym and fitness sessions to lifestyle classes."

The three month programme costs £40, paid in advance, or £3.50 per session. Men with a Body Mass Index over 30 can attend free thanks to funding from NHS Walsall.

Call (01902) 605500. The course will also be held at Oak Park Leisure Centre in Walsall Wood.

## Weekly walking

A WEEKLY walk is being launched from the Stan Ball Centre as part of Walsall Council's Walk On programme. The walk will start on Wednesday, August 29, at 9am. Call (01902) 605500

## LETTERS

Trade driven away  
by 'vendetta' on cars

WALSALL Council is blaming the recession for the slump in parking revenues in the town, as reported in the Walsall Chronicle (August 2). However, it does not take a genius to work out why the car parks in Walsall are car-free deserts with motorists avoiding the town as if it was plague ridden.

If they really wanted to encourage people, with their cars and money to spend in the long-suffering businesses in the town, rather than blame the recession our council should take a look closer to home. It is blatantly obvious, the more you hit the pockets of those who drive, you find the only driving they do is in another direction to where they are welcomed with free parking.

Look at the white elephant known as the M6 Toll. Car and heavy goods drivers who already feel they pay enough in taxes to use their vehicles, have mostly stayed away. As the toll operators suffer the consequences, they put their prices up to compensate, which in turn drives more people onto the now struggling and congested M6. The only way it would be of use to anyone would be to make it toll-free.

## Damaging

Walsall Council is going through this same mad ritual, which is not only damaging their once nice little earner but the town's traders too, who are victims of some very bad decision making on the part of the council who they pay their business rates to.

The remedy is to scrap the unpopular roadside parking meters that the council have introduced and return to free time-limited roadside parking. The council also needs to introduce a system of the first hour parking for free in its car parks.

This will show that the council wants people to come to Walsall and spend their money which, in turn, will help our local businesses to thrive thus creating jobs and wealth for the town.

If the council continues with its vendetta against car drivers then we will soon have to add the word 'ghost' in front of the word 'town' when it comes to Walsall.

**Derek Bennett, UKIP prospective  
Parliamentary candidate Walsall South**

Don't blame  
the recession  
for closures

WHY does Walsall Council not open their eyes and quit blaming the recession.

The fact is that their GREED is causing the closure of many small shops in the town center, not the recession.

My partner and myself do not go to the town center now because they have put these parking machines everywhere and are enforcing it very harshly.

I parked in the town a few weeks ago to visit an elderly relative. I parked where I have parked for years, when I came out I had a ticket for £50.

There was a machine I honestly did not see 30 yards down the street.

I queried this and they gave me a discount of £25 if I paid in seven days. Then they sent me a photo of the machine so that I know where it is!

I dropped my partner to have her hair done in Freer Street, as I did a warden was making his way towards me and another was coming from the top of the street.

The writing is on the wall. Walsall Council should be ashamed. THEY are closing the small businesses down, slowly but surely.

They should get rid of these jobsworths who sit in offices looking at ways to raise revenue without looking to the consequences.

I travel all over Europe in my work and Britain is the laughing stock of Europe with some of these crazy things that councils do.

Lets get Walsall thriving again!

## MEMORY LANE

Kidderminster signal box is a BR(WR) 1953 design

Bloxwich signal box complete with its white-on-maroon enamel sign

Wolverhampton signal box first opened on August 16, 1965

# Changes point to end of the ageing signal box

**UP TO 38 signal boxes are to close across the Black Country and Staffordshire as part of a six-year programme set to bring the ageing system into the 21st century.**

The modernisation plan will cover 415 miles of track and will be launched in October with the Stourbridge to Hartlebury line, resulting in the closure of Blakedown, Kidderminster, Hartlebury and Stourbridge signal boxes. Network Rail, which is behind the move, says the scheme will mean shorter delays in the event of breakdowns, saving the taxpayer bil-

lions of pounds each year. No jobs will be cut although around 80 posts locally will be lost through non-replacement and natural wastage. The aim is to centralise all signalling at a base in Saltley, Birmingham, using a visual display based control system.

The Walsall, Bescot and Cannock track will be brought into line in August 2013 with the closure of Walsall, Bescot, Bloxwich, Hednesford and Brereton Sidings signal boxes.

The next year the Wolverhampton signalbox will be closed, followed by Lichfield and the two signal boxes at Stafford in 2015.

Work on the cross-city and South Stafford-

shire line will start in 2016, as will the transfer of services at the New Street Station signal box, expected to take up to two years.

The Birmingham Moor Street to London Marylebone line, which is included in the West Midlands area, will be moved over in 2024-25.

Network Rail spokesman Keith Lumley said: "With fewer signal boxes, there will be fewer signallers needed to talk to each other about what is happening. Instead operators will be able to see on a screen where the problem is and where trains can be diverted."

The company said some 19th century signal boxes, with mechanical levers, were listed and would remain. Nationally more than 800 boxes will be replaced by 14 new signalling centres.

The first signal box is believed to have been created in 1844 by the London and Croydon Railway. The ones that are due to close each have their own individual story to tell.

For example, in April last year, Bloxwich signal box in Willenhall Lane retained its British Railways London Midland Region white-on-maroon enamel sign.

Hednesford still reverses some passenger trains. They do not pass the signal box itself -

the driver has to confirm by phone to the signaller that his train is complete, before the return journey to Birmingham can be signalled.

Kidderminster is a BR(WR) 1953 design and had its windows refurbished a few years ago. Kidderminster Junction signal box was replaced by a lever frame in 1937 which then closed in 1973 and was moved to Arley Station.

Walsall had a new signal box in 1966 as part of resignalling work along the line. It controlled signalling over a six-mile stretch, as far as the Crescent signalbox in Willenhall, to Great Barr signal box via Bescot.

## CLUB NEWS

### Club will fold after 69 years

#### SANDWELL SOROPTIMISTS

MEMBERS of SI West Bromwich have with great regret decided to close the long-established club due to falling membership.

During their last year the members supported and gave donations to the British Polio Association, an Education Project in Uganda and the Help for Heroes Charity.

Members decided to distribute the remaining club funds to the following six charities: Soroptimist International of Great Britain and Ireland's Diamond Education Grant which helps women and girls to further their careers; SIGBI Benevolent Fund which helps members who have fallen on difficult times; Sandwell Young Carers which supports children aged five to 18 whose health, education and social lives have been affected as a result of caring for a dependent family member; Girl Guiding West Bromwich; Sandwell Women's Aid which works with victims of domestic violence and sexual abuse and Sandwell Chest Care, which works to help patients of Sandwell Hospital with respiratory problems. Each of the charities has been given a cheque for £3,540.

The club was chartered in 1943 and has strived to improve the status of women on a local, national and international level.

An oak tree will be planted in Sandwell Valley later in the year to commemorate the work of the club and its members.

## Crook caught in hot-wired pick-up

A SERIAL criminal from Walsall who was caught in a stolen car has been given a six-month jail term.

Gary Winter took a Toyota pick-up truck which had been hot-wired. He was spotted and stopped by police on the M42.

The 29-year-old of Goscote Place admitted taking the vehicle without consent, driving while disqualified, having no insurance and breaching an anti-social behaviour order.

The vehicle was taken from Atherstone. Winter appeared at Nuneaton Magistrates Court last week where it emerged he had 40 previous convictions for 112 separate

offences, most relating to driving matters. Mr David Grice, defending, said Winter did not accept being the original taker of the pick-up.

He added that Winter was now anxious to get away from his previous activities.

Winter, who appeared before court via a video link, was sentenced to 16 weeks in custody for taking the pick-up without consent and six weeks concurrent for breaching the Asbo.

He was also ordered to serve eight weeks consecutively for driving while disqualified and was disqualified from driving for two years.

# Co-op pledge on town store despite a delay

**CO-OP has confirmed its commitment to Walsall after it emerged that work on a new store had been delayed.**

Construction on the supermarket - part of a revamp of the Old Square Shopping Centre - will start in the new year.

A Primark store has also been delayed, but both shops, poised to create 160 new jobs between them, are said to be committed to opening in the town.

Primark will have a glass front looking out on Digbeth, while the Co-op will be created in the former Tesco on The Bridge.

### Excited

A spokesman for The Midlands Co-operative said the company was excited about becoming a feature of Walsall's high street.

"We remain committed to building the supermarket at the Old Square Shopping Centre and are currently working with the developer," he said.

"We have been trading in the area for more than 140 years and are excited about once again seeing our name proudly displayed in Walsall's high street."

## Patient found dead

A PATIENT at a mental health hospital in Walsall who was found dead in a bath had suffered heart problems, an inquest heard.

Carol Ann Silvester, aged 58, of Glamis Road, Willenhall, suffered from anxiety and was admitted to Dorothy Pattison Hospital, where she was discovered in the bath on November 8 last year. Police were called but there were no suspicious circumstances.

Black Country Coroner Robin Balmain said it was not entirely clear what had happened but was plausible she had leaned forward to turn on water and collapsed due to heart problems. He recorded a verdict of natural causes.

## Work on Gigaport site

Work at the junction of Hatherton Street and Littleton Street prepares the way for the new Walsall Gigaport business development

**DEMOLITION of a prime site for the multi-million pound Walsall Gigaport project is under way.**

Buildings in Hatherton Street, including the former 100 year-old home of engineering firm Noirit and the Fitters Arms pub, are being cleared for the scheme aiming to kickstart regeneration in the town.

The land needs to be remediated before new buildings can go up as part of the £400 million Gigaport project to create a business and office 'corridor'. The land has been earmarked for office development and should create around 200 jobs.

The Gigaport has been in the pipeline for more than five years but stalled due to the economic climate. But clearing land around Hatherton Street, near to the Littleton Street stretch, will help pave the way forward for the project.

Walsall regeneration chief councillor Adrian Andrew said: "It is a prime council owned site which we can use to kickstart the regeneration of the town. It is earmarked for a groundbreaking office development to secure the future of the Gigaport."

### Relocated

Noirit Ltd moved from its home to make way for the Gigaport. They were relocated to a nearby site in Portland Street.

A high-speed fibre optic communications system that businesses will be able to use forms part of the regeneration scheme. The aim is to draw in businesses to fit alongside Walsall College and the Walsall Housing Group office block.

A new leisure and retail complex is being proposed along a 1.3-acre site near Tesco.

### Sun causes blaze

The greenhouse in Howdle's Lane, Brownhills, and behind it the row of conifers destroyed in a fire

A 30-METRE row of conifers and a greenhouse were destroyed by fire in Brownhills after a glass bottle reflected heat from the sun.

Fire crews from Walsall and Aldridge were called to the fire in a garden at in Howdle's Lane at 3pm on Thursday.

Firefighters believed it started from a bottle in the hedge which had reflected the sun's rays.

Homeowner Steve Whittall moved in with his partner Sian, 21, three months ago.

### Shocked

Mr Whittall, who works in the construction industry, said: "I just got phoned at work and told about it. One of our neighbours saw them burning and told my partner who told me. I was obviously quite shocked. The bottle was found right in the middle of the hedge."

He said it was lucky crews put out the flames before they reached the property.

# MP to keep eye on child services run by council

**IMPROVEMENTS made by Walsall Council's children's services department following a damning Ofsted report will be monitored by a veteran borough MP.**

**by Catherine Dalton**

David Winnick, Labour member for Walsall North, has called a meeting with council chiefs to discuss last month's Ofsted findings.

The report into the way Walsall Council protects and safeguards vulnerable children found it was inadequate and rated its capacity to improve as inadequate too.

Mr Winnick will meet council bosses on September 26.

Mr Winnick said: "My meeting with the council will be an opportunity to see first what improvements have actually occurred since the report was published and what further steps are to be taken."

"The safety and security of children where the local authority has responsibility in law must be paramount."

The search is now on to find her successor.

### Date set for fans' toy appeal

THE Walsall FC Supporters' Trust is to hold its Christmas Toy Appeal again this year.

It will take place at the Banks's Stadium on December 15 when the Saddlers play Yeovil. Last year's drive saw toys given to Walsall Manor Hospital and Acorns.

# Much ado about Meera

ACTRESS and comedienne Meera Syal has told of her joy at making her Royal Shakespeare Company debut as the star of a new adaptation of Much Ado About Nothing – set in India.

The former Walsall student is best known for her comedy work on TV, after she co-wrote and starred in Goodness Gracious Me and The Kumars at Number 42. But the 51-year-old has swapped TV for treading the boards and taken on the lead role of Beatrice in a modern look at Shakespeare's play.

Directed by Iqbal Khan, the Royal Shakespeare Company's (RSC) production of Much Ado About Nothing transports the bard's comedy of love and deceit to an Indian setting.

The production at The Courtyard Theatre in Stratford-upon-Avon, runs until September 15.

Casino Royale actor Paul Bhattacharjee plays the male lead Benedick opposite Meera.

Speaking about her new role, Meera, who grew up in Essington and attended Queen Mary's High School for Girls in Walsall, said: "Paul Bhattacharjee is a wonderful actor whom I've known for 20 years. We have only played opposite each other once before in 1992, in a BBC film called My Sister Wife which was also my first screenplay as a writer. "We played husband and wife then but with a far less happy ending than in Much Ado."

# Derelict shops block cleared for project

A DERELICT block of shops and flats at Portobello, Willenhall, has been demolished.

The buildings had become a magnet for anti-social behaviour. They had been broken into, set on fire and been used for taking drugs since being emptied five years ago.

But a 30-ton hydraulic grabbing machine has made short work of the empty block.

Bilston-based Heantun Housing Association has now struck a deal with Wolverhampton City Council which will see the land transformed.

The new plans include a new nursing care home, affordable housing and a "retail and commercial development".

Nick Crombie, Chief Executive of Heantun Housing, said a planning applica-

tion for the new scheme would now be submitted in October.

He said: "Local residents have been very patient during the disruption of demolition and we tried to keep them up to date with what was happening."

## Earthworks

"Whilst the building finally disappeared on July 20 local contractors McAuliffe have completed the temporary earthworks."

"We are now progressing the necessary survey and site investigation work to inform our planning application for the development of the sites."

A consultation with local residents will take place in September ahead of the formal planning application.

Large earth mounds now surround the site.

### CHOICE

Rupert Penry-Jones

### The Last Weekend

**ITV1, 9pm**  
Shaun Evans and Rupert Penry-Jones have been spending a lot of time together recently, having both cropped up in Silks and Whitechapel and now in this new drama series, based on the novel by Blake Morrison. However, hopefully that's where the resemblance to their characters ends... The Last Weekend follows Ian Goode (Evans) and Ollie Moreton (Penry-Jones), who, along with their respective wives plan to spend the August bank holiday weekend together in a ramshackle country cottage. But what should be a relaxing few days takes a darker turn.

# Zafira Tourer tows the line for quality

**First THINGS FIRST, I DON'T NEED A seven seater car and I don't need to be able to tow a decent weight . . . but if I did the Vauxhall Zafira Tourer would be up there among contenders.**

This third-generation of the model hit our roads earlier this year and has continued its earlier success and built on it. Unlike some MPVs, it is full-size with plenty of space for seven, and also unlike other MPVs, it can actually tow a decent weight.

In fact it was named this year's Best MPV at Practical Caravan magazines's Towcar Awards 2012.

The Practical Caravan awards, backed by What Car? magazine and The Camping and Caravanning Club, are based on a vigorous and thorough towcar assessment. Each car is tested by a panel of eight judges for its towing

ability, buying and owning costs, drive quality when not towing and practicality.

"The Zafira Tourer really comes into its own when towing," said awards judge Nigel Donnelly, Haymarket Outdoor Leisure Group's editor-in-chief – digital. "At the legal limit and beyond the Zafira Tourer is a relaxing car to tow with. With plenty of power and torque, the 2.0-litre engine pulled car and caravan from 30-60mph in 14.1 seconds. Braking showed the shortest stopping distance in this class. The Zafira Tourer offers strong performance, good stability and space for seven."

"We're delighted Zafira Tourer has won the Best MPV title at the Towcar Awards 2012," said Peter Hope, Vauxhall's marketing director.

"The Towcar of the Year awards are an industry standard and by far the most prestigious event in the caravanning calendar."

And while I didn't test its towing capabilities the 2.0 litre version I drove certainly felt it had the capability to hitch up the 'van' for a summer holiday and leave you feeling pretty safe behind the wheel with the kids piled in the back.

### Flexibility

But I did test some of Vauxhall's flexibility claims by trying out a number of the options Flex7 seating system. There are several including 'Lounge Seating' on key models. When you want seven up the two seats at the very back come up out of the floor and the middle bench seat is now a set of three separate seats which are also each capable of folding and splitting into any number of combinations. In addition the two outside seats slide backwards and inwards against the

middle seat which folds to form two arm rests and gives plenty of space. Only downside to seven up is the reduced boot space. But if you want to turn it into a load lugger put all the seats down to reveal 1,860 litres of space – more than enough for a trip to collect flat-pack from Ikea or clear the shed out and head for the tip.

Staying on the inside materials are of a much better quality than the old model and the design means everyone gets a good view of outside from the light and airy cabin. This is made even better if you opt for a panoramic sunroof and the high-top windscreens.

There's a choice of two petrol engines and three diesel. My car was the ecoflex with

start/stop technology and I really could appreciate the difference in fuel consumption when chugging around town doing odd jobs and stopping off for shopping. Sitting at traffic lights just when they change at one of my regular routes can take some minutes and when the engine switches off it can make all the difference on your monthly fuel bill.

Drivewise it was comfortable and coped well with the potholes on the B roads on my way into work and it smoothly made its way along the M54. Standard features across the four trim level range include: ESP, six airbags, air conditioning, CD/MP3 player and cruise control – not bad with prices starting at £21,010.

# Vauxhall take fresh approach to Meriva

THE MERIVA was introduced back in 2003 and it has been a very successful small vehicle with over 100,000 being sold in the UK.

However it was getting a bit old and it needed a makeover and thankfully Vauxhall did it go down the road of let's just tweak the headlamps, or put new door handles on, no they have created a completely new and very stylish looking vehicle.

When you look at the vehicle, the front has the corporate

look that says I am a Vauxhall, but the biggest change without doubt is when you look at the side profile, Vauxhall have taken the rather brave step of equipping the Meriva with what they describe as flex-doors. Flex-doors basically are doors that are hinged backwards which then swing open towards the rear of the car at an angle of almost 90 degrees, this makes this vehicle almost a must for people with young children or mobility issues that need to utilise the rear of the car.

The doors cannot be opened by the occupants whilst the Meriva is travelling at more than two mph. The concept itself is nothing new but it does promote Meriva very high on to the list of must have if you are a family and need vehicles that have ease of access for children and child seats.

## Journey

The designers have really worked overtime inside the vehicle, there is a completely new approach to the centre console and a variety of storage and comfort solutions are incorporated. I do like vehicles that have lots and lots of nooks and crannies to secrete the bits and pieces that we seem to have to take with us on our journey.

The rear seats can be folded down to increase the amount of luggage capacity and also the flex-space system allows for the movement of rear seats to create a little bit of head or shoulder room. The boot also has a secret compartment, the floor of the boot can be lifted and you can store items away from prying eyes.

There is a choice of engine configurations for the Meriva with several petrols and diesels as options, the petrols are going to be based primarily on 1.4-litre engines and the diesels will be a variety either of 1.3 or 1.7-litres. The engineers at Vauxhall are still striving to get their CO2 emissions down and it is going to be some time before they are down in to the realms of the CO2 emissions which qualify for free or very low road tax, but they are working very hard to achieve this.

My Meriva was equipped with a 1.4-litre turbo charged engine with a capacity of 1364cc, and produced 140 bhp, sufficient Vauxhall suggest of a top speed of 122 mph and a 0-60 in margin-

**By Bob Hickman**

ally over 10 seconds.

The five-speed gearbox was quite a notchy easy to use configuration, I did find however that the vehicle could be lethargic in fourth and fifth gears and if an overtake was necessary it was essential to get that engine and more importantly the turbo spinning to give you the get up and go that you need.

The vehicles are well equipped, although on my model Vauxhall had taken the trouble to spend £855 on a satellite navigation system and if it was my money I wouldn't bother, I found my own £100 Tom-Tom was far more efficient and try as I would with the sat nav in the Vauxhall I couldn't get it to accept postcodes and a trip in to a Shropshire hamlet proved very difficult with the on-board system but a doddle with the Tom-Tom.

Standard features on my vehicle included electric front windows which was a surprise, as the rear flexi doors have good old fashioned wind-up windows.

An absolute plethora of air bags are incorporated and Vauxhall have enabled an air bag deactivation switch so you can safely put a child seat on the front passenger seat. I am not too convinced that an electronic parking brake is necessary on a vehicle of this type but you get used to it.

From a driving perspective the vehicle is a little higher than normal so it does give you an extra bit of visibility, but nothing too dramatic. It was a comfortable, predictable vehicle to drive, nothing too exciting but you don't expect that from this type of vehicle. It does everything that you require from a saloon to transport the family about.

Pricing structures for the Meriva vary from £13,000 up to a hefty £22,000, my 1.4-litre turbo was priced at £19,740, the extras fitted took it over £21,000 and the fuel figures quoted for the engine was a not too exciting 42.2 mpg on the combined figure, CO2 is quoted at 156 and that puts it sadly in to the £155 excise duty, and that is a shame.

As with all new Vauxhalls it is eligible for the company's Lifetime 100,000 miles warranty.

The Meriva sits a little higher than normal offering good visibility

## Landlords versus the tenants in cup clash

### Willenhall Town 1 Sporting Khalsa 1

THIS tenants versus landlords FA Cup match at Noose Lane finished level.

The first serious attempt on goal came on 13 minutes when Kyle Parchment curled wide for Willenhall.

Khalsa keeper Jamie Hood made a superb double save to deny Danico Johnson. Parchment then saw a shot blocked on the line and Johnson's effort was kept out by Hood.

The Lockmen felt they should have had a penalty on 25 minutes when Johnson was hauled back. But they broke the deadlock on 42 minutes when a corner was miskicked by Johnson to Craig Oldfield who hooked home.

Khalsa hit back eight minutes after the break when an excellent run and cross was just beyond the fingertips of keeper Jamie Evan. Andre Brown produced a superb header to level. Parchment fired wide for The Reds before Reece Beacon tackled denied two scoring opportunities.

The replay was taking place on Tuesday this week.

The inventive Florent Cuvelier on the ball for Saddlers

Home joy as Ashley Hemmings nets

Jake Jones gets in a shot for Walsall during their win over Brentford

# Instant impact from new-boy Hemmings

## Walsall 1 Brentford 0

**YOUNG GUN** Ashley Hemmings grabbed the only goal of the game to put Walsall through to the second round of the Capital One Cup.

There was nothing too spectacular, nothing too exhilarating and nothing to inspire false hopes for the Saddlers fans, writes Steve Madeley.

But there was more than enough in the opening game of a new campaign to send the 1,900 loyal Walsall supporters in a disappointing crowd home with a message to the stay-aways – boss Dean Smith and his fledglings are worth taking a chance on.

A Saddlers side, assisted by the first-half dismissal of Brentford's Jake Reeves, claimed a well-deserved victory. Hemmings' encouraging debut was typical of the bright, effervescent display from a young side as they took the opening steps into a season that is certain to test both their ability and their resolve.

### Intent

No-one, least of all Smith, will get carried away with a single-goal win against a Bees side clearly hampered by the red card that both managers accepted was inevitable.

Yet the attacking, expansive intent that accompanied the youthful enthusiasm within the Saddlers ranks was a sight to offer hope for the difficult days that doubtless lie ahead.

If the Saddlers are not to challenge near the top of League One – given the budget at Smith's disposal, such ambitions seem far-fetched – then a unique selling point is needed to lure back the lapsed supporters.

A commitment to inventive, free-flowing football is as good as any, and the evidence of Saturday's win suggested that is precisely what Smith aims to encourage.

After weathering a brief but dangerous Brentford assault and taking the lead through Hemmings against the run of play, the Saddlers took charge for much of the opening half with a display of imaginative

ball-retention and attacking freedom from their youngsters.

When they had to withstand a spirited effort by the visitors after the break, the experience of Andy Butler, Dean Holden and Adam Chambers came to the fore as they repelled the advance and even conjured up a few more moments of attacking threat.

David Grof did well to save Harry Forrester's long-range shot, Kevin O'Connor sent a free header over the crossbar from a Sam Saunders free-kick and Richard Taundry had to be alert at the far post to block a Reeves effort as the Bees flew out of the blocks.

But it was the Saddlers who broke the deadlock on eight minutes with Florent Cuvelier, the most eye-catching ball-player on either side, at the heart of the move.

His super pass found Will Grigg just

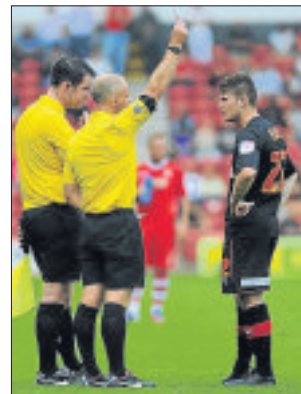

inside the area and, when he was tackled well by O'Connor, the ball broke for Hemmings, who produced an emphatic left-footed finish from a tight angle across keeper Simon Moore and into the far, bottom corner.

The goal settled Walsall and their chances increased further on 25 minutes when Reeves was dismissed for a studs-up challenge on Adam Chambers.

Referee Andy Woolmer consulted his linesman before brandishing a red card. Grof did well to dive bravely at Myles Weston's feet and smother his shot to preserve Walsall's lead.

But in the dying moments of the half it was Moore who twice made saves, although his blocks from Cuvelier and Grigg were less than convincing.

Grof made a fine save early in the second

half to get his finger-tips to a long-range Forrester shot and turn it over the crossbar.

Brentford piled on the pressure despite their numerical disadvantage with substitute Toumani Diagouraga somehow blasting over from just six yards out after a powerful run and cross from Clayton Donaldson.

Another Brentford substitute, Adam Forshaw, was denied smartly at the near post by Grof in the closing stages as Walsall held firm.

## Walsall stay top despite defeat

**BIRMINGHAM** League Premier leaders Walsall lost for the first time this season – but second-placed Himley missed an opportunity to reduce the lead to 13 points after a dramatic tie with Kidderminster Victoria.

Himley skipper Stuart Wedge failed to score a single off the last ball against Kidderminster.

With one ball remaining, Himley stood on 219-6 – level with the visitors' 219-9.

But the dot ball left Walsall 21 points ahead, despite their seven-wicket defeat at Berkswell.

Neil Pinner (98) and Matt Pardoe (67) contributed most to Kidderminster's total, while Greg Wright (67) starred for Himley.

Walsall raced to 128-4 in 24 overs, thanks to Tim Maxfield's 70, but then stumbled to 189 all out.

Wolverhampton's seven-wicket victory over Barnet Green left them 41 points behind the leaders.

Johannes Bothma's 5-44 restricted Barnet Green to 167-9. Vishal Tripathi (69 not out) and Tom Fell (47 not out) steered Wolves home.

West Bromwich Dartmouth (250-7) achieved a winning draw against Leamington Spa. Rawlston Tappin hit an undefeated 104 for Dartmouth while Leamington made 215-8.

## Darlo are stung as Bs claim the points

**Darlston 1 Bustleholme 3**  
DARLSTON hit six goals the previous week but were turned over in this West Midlands Premier match.

A well-marshalled visiting rearguard won the day at the City Ground.

There were good performances from Phil Ellerby and Chris Norton in the heart of the Bustleholme defence.

The Bs took a 14th-minute lead when Danny Hall brought a good save from the home keeper, but Max Whitehouse was on hand to head home the rebound.

Bustleholme continued to press and could have doubled their lead when a superb Adam Griffiths free-kick found Hall at the back post but he failed to connect properly.

As the second half got under way Bustleholme began on the front foot and in the 49th minute a lovely touch from Hall played in Darrell Francis who finished well with a low drive.

### Opener

With 10 minutes left Darlston halved the deficit when Emmanuel Gueyes finished from close range past keeper Luke Steele.

But with two minutes remaining the result was put beyond doubt when Will Hutt's cross found man of the match Hall's head and he finished clinically.

The Bs, who finished 20th last season, lost 3-0 away to AFC Wulfrunians in their league opener last week.

But they will be heartened to have picked up a win in their second match.

Darlston, who were two places lower last season, will be disappointed not to build on last week's 6-3 home win over bottom club Bromyard Town.

Bustleholme face a third away trip on Saturday when they visit Dudley Sports.

# Four-goal salvo ends game as contest

**Rushall Olympic 4 Sutton Coldfield Town 0**

RUSHALL OLYMPIC rounded off their 10-game pre-season campaign with an emphatic success against Evo-Stik League First Division South neighbours Sutton Coldfield Town at Dales Lane.

Pics ended the match as a contest within the 24th minute with all four goals being scored during a nightmare period for the visitors.

With just 10 minutes on the watch, the hosts were firmly in control when Lei Brown hosted in past his marker and fired clinically inside the near post.

Straight from the restart and the Royals were in real trouble when namesake Leo

Brown took advantage of a weak defensive back-header to sidestep keeper Paul Hathaway and coolly slot home the second goal.

As the game passed the 16-minute mark Olympic crafted themselves an essentially unassailable advantage when Kyle Haynes intercepted a loose pass out of the visitors' defence and homed in on goal.

As the former Hednesford wing-back cut inside the box he pushed the ball beyond the keeper and, despite having Dave Walker in close attendance ready to pounce for the goal, took control himself and steered in the

finish. Eight minutes later Rushall put themselves out of sight when Haynes whipped in a telling centre from the left flank and Leo Brown got in front of his marker to power a header inside the near post from 10 yards for his second goal.

The second period was never going to live up to the goal-laden feats of the first, with the warmth of the afternoon also appearing to sap the energy of the players.

A number of substitutions from both sides arguably robbed the game of some fluidity and it was only during the final quarter of an

hour of the contest that proceedings livened up. In the 78th minute Rushall's Walker picked up possession through the right channel and dinked a curling 25-yard drive that weaved its way just shy of the far post.

Sutton responded seven minutes later when Luke Chapman tried his luck from distance but the ball ended up wide of the top left corner with keeper Chris Gemmell having things well covered.

With two minutes remaining some pressure from the hosts saw Jonny Haynes centre invitingly from the left by-line and Lei Brown powered a rising header just over the crossbar with the keeper at full stretch.

## Thompson fires home last-gasp winner

**Walsall Wood 1 Coventry Copsewood 0**

WALSALL WOOD made it three wins on the trot when Johaine Thompson notched the only goal of the game in the last minute.

Encounters between the two Midland Combination Premier rivals are usually tight and this one could have gone either way.

The home side had to overcome the loss of Danny Owen, sent off seconds before half-time, to record the win.

Virtually from the kick-off Wood signalled their intent. Corey Curriethers collected a Jamie Hawkins pass wide left, his neat touch inside was crossed into the box and Ahmet Bilgimer stretched to put a header wide.

On four minutes the visitors won a corner, James Risson heading just over.

On 12 minutes Hawkins floated in a free-kick, the ball was half-cleared to Owen and his low drive was well taken by keeper Richard O'Bimpeh.

It was end-to-end and on 29 minutes Lewis Taylor Boyce found Curriethers wide left, cut inside and set up Hawkins to hit a first-time drive agonisingly wide.

The visitors should have taken the lead on 39 minutes when Shane Brassington stabbed a shot wide. Wood lost Owen to a second yellow card almost on half-time.

In the second half Brassington went close when his cross-shot rolled wide of Wood's post. Neither side were happy to settle for a point and on 78 minutes Curriethers' low cross found Thompson who laid the ball into the path of Michael Murray to fire over.

With the clock showing 90 minutes Thompson was forced wide but kept his composure to fire home an unstoppable shot.

# SADDLERS PLAN TO SURPRISE RIVALS

**WALSALL new-boy Ashley Hemmings is set for his League debut – and insists that the Saddlers are in the mood to shock their bigger-spending rivals.**

Manager Dean Smith's side kick-off their League One campaign at relegated Doncaster on Saturday with Hemmings looking to build on his debut goal against Brentford in the Capital One Cup. And the former Wolves trainee is relishing the chance to help his new club defy pundits who are predicting a difficult season.

"I can't wait for the League season to start," said the 21-year-old. "With the team and the manager that we've got, we are confident we can do really well."

"During the season I think we're going to surprise a few people and a few teams."

"One of our targets is to do better than the club did last year."

"I just want to get out there, do my best and see where it takes us and I'm looking forward to learning from the older players."

### Advice

"I'm learning a lot. Every day I come in I learn something new from how they speak to me and give me advice. I keep all that in my head."

"Here I'm training with older players and learning every time."

Hemmings also revealed how advice from Molineux midfielder David Davis, who spent time on loan with the Saddlers in 2010, convinced him to sign a deal at the Banks's Stadium.

"David Davis came here and he said great things about the club," said Hemmings, who operated on the left of a front three against the Bees. "That really attracted me to the club."

### Walsall FC

Meanwhile, Smith was planning more talks with Jordan Stewart and James Chambers this week as he plots further team strengthening.

Smith was setting up meetings with the experienced duo as he considers possible contract offers ahead of the new season.

Despite the 1-0 win over Brentford, the manager is still keen to strengthen his squad with left-back Stewart and versatile defender Chambers – twin brother of Saddlers midfielder Adam – still in his thoughts.

"I'm still talking to both of them and we'll see where we go," said Smith.

"I've got room in the budget to strengthen and we'll be looking to do that."

"I thought Richard Taundry was fantastic on Saturday at left-back. He doesn't seem uncomfortable playing there and I know he's done it many times before. But maybe we will look for one more defender and a forward, although I thought Will Grigg was excellent as a lone forward and deserved a goal."

# CELEBRATING GENERATIONS OF FURNITURE RETAILING

**For 27 years Cousins Furniture have continued to be one of the leading family owned furniture retailers in the UK, employing more than 140 staff with exciting plans for the future progress of the company.**

**Cousins was founded by three cousins - Robert, Edward and William - and the first Cousins' furniture store opened its doors in Tyseley, Birmingham, on 17th August 1985.**

## ORIGINS BACK TO 1921

The original family business had been established in 1921 and had originally specialised in selling items and materials reclaimed from household demolitions. It had sold such things as reclaimed timber, 19th Century fire surrounds and roll-top baths to builders, and also to private customers doing their own home improvements.

The business then developed into a builders' merchants, selling building materials, aggregates and, later, new fireplaces and baths, alongside the reclaimed items. Even at this early stage, they had built a private zoo on-site, which proved a huge attraction for all ages and an unbelievable "ahead-of-time" marketing tool for the firm. As time moved on, the business began to sell household electrical items and also furniture, which was to become the future of the business.

## COUSINS IN TYSELEY

The first Cousins furniture store opened in Tyseley, Birmingham in the Midlands in August 1985, where they traded from a 50,000ft<sup>2</sup> showroom with adjoining offices and warehouse. This new venture was a resounding success and the warehouse was soon relocated, and the showrooms subsequently expanded by 30%.

Cousins Furniture - Tyseley Store

## COUSINS OPENS DUDLEY STORE

By 1995, a second retail site was acquired when they purchased the freehold of the landmark Tesco building in Dudley, in the West Midlands. This was transformed into a 90,000ft<sup>2</sup> furniture showroom, with its own customer restaurant. The store was opened on 17th August 1996, by Jack and Vera Duckworth from Coronation Street, bringing the town centre to a standstill.

A second, separate 12,000ft<sup>2</sup> unit was developed on the same site, opening in 1998. This sells budget ranges and end of line furniture.

Cousins Furniture - Dudley Store

## A NEW HEAD OFFICE

Due to the resulting high sales volumes, the head office, warehouse and distribution functions were centralised to a 4 acre site in Oldbury on the side of the M5, which the company had purchased from B.P. Oils. This opened in September 1997 and the new 65,000ft<sup>2</sup> warehousing facility utilised a palletised, computer-generated order picking system and pioneered the use of articulated fork-lift trucks in the furniture industry.

The relocation of the main offices from Tyseley to Oldbury allowed fresh expansion and the subsequent refurbishment of the original Tyseley showrooms in 1999 - to its existing size of 90,000ft<sup>2</sup>, complete with a new customer restaurant.

By November 2004, Cousins had set its sights on building a flagship store in Manchester and establishing itself in the North-West of England, having gained an unquestionable reputation for quality and service in the West Midlands.

## COUSINS EXPAND IN MANCHESTER

They purchased a 4 acre site on the A57, Regent Road at the end of the M602 in Salford and soon built an inspirational 90,000ft<sup>2</sup> new concept flagship store which stands just 1.5 miles from the centre of Manchester. The store offers the largest selection of furniture in the whole of the North-West, and offers impressive room set displays that set new standards in the furniture industry.

The store has been acclaimed as England's finest furniture store, attracting customers from across the North-West and regularly from Liverpool, Preston, Yorkshire and the Lake District.

This flagship store also incorporates large lighting, picture and furniture accessories departments, plus a customer restaurant where you can contemplate your thoughts.

## NEW DISTRIBUTION CENTRE

Due to the store's resounding success, the Company has had to re-think its initial plans to trunk home deliveries up the M6 from their Oldbury distribution centre. By Christmas 2005, they had opened a new 33,000ft<sup>2</sup> warehouse close to Manchester Airport on the M56 which now forms the hub of their North-West home delivery network.

The success of the Manchester store's venture into home accessories saw the appointment of a Home-ware Buyer, Samantha Gough in Summer 2008 with the subsequent opening of new Homewares Departments in the Tyseley Store, in the Midlands, in December 2008.

This exciting new venture includes departments for tableware, cookware, furnishing accessories, a picture and mirror gallery and bed linens. It has involved a significant investment, with a cutting edge store fit-out by Jameson Smith Associates and showcases leading brands such as Denby, Joseph Joseph, Newgate clocks and bed linen ranges from Kylie Minogue and Kirstie Allsopp.

2010 witnessed the opening of Cousins' first Stressless Comfort Studio in Manchester, showcasing the largest selection of these ergonomically designed chairs and sofas in the North West. Due to its resounding success, flagship studios were opened in the other two stores in April 2011. All now offer an unrivalled selection and shopping experience for this world leading brand.

April 2011 saw a significant change in the running of the business, with the appointment of John Shotton (Robert's eldest son) to Managing Director and Matthew Shotton (Robert's youngest son) to Retail Director. Robert now assumed the position of Chairman, further strengthening the family influence on the direction of the business.

Alongside these corporate changes came the groundbreaking appointment of the first non-family member to the board of directors.

Richard Foster became Operations Director having started with the company as an 18 year old junior bedding sales consultant when the Dudley store opened in 1996. Richard now oversees the systems, warehousing, distribution and customer services functions.

## THE FUTURE IS EVOLVING

Retail continues to evolve and is no longer just a bricks-and-mortar operation; increasing emphasis is now being placed online with the internet and various social media channels. 2012 has seen a significant commitment and investment by Cousins toward enhancing their online presence and service. In March, Cousins entered into an agreement with BT Fresca, a world leading web platform provider and development company to build a brand new website, due to launch at the end of the year.

The new Cousins website will integrate fully with existing in-store systems to provide a seamless multi-channel shopping experience with unprecedented levels of service, usability and functionality. This will then be followed by the opening of a mobile site in Autumn 2013.
